

WHEREAS, the population of the inmates housed the jail has increased ^{JUL 13 2005} rapidly, exceeding the supply of mattresses currently available and the resources offered by the general fund budget; and,

Joe Chello
Sangamon County Clerk

WHEREAS, the Sangamon County Sheriff's Office (SCSO) is required to provide mattresses to jail inmates; and,

WHEREAS, the replacement of current, old mattresses is needed to provide improved hygiene, cleanliness, and safety, since security and hygiene-related issues of most of the mattresses available to inmates has been demonstrated; and,

WHEREAS, after the approval of this current request, combined with the more limited quantity of identical mattresses purchased in October, 2004, the jail will have the entire quantity of old mattresses replaced by new mattresses; and,

WHEREAS, a number of providers were contacted to offer competitive price quotes; and,

WHEREAS, there are insufficient resources available to the Sheriff's Office for this purchase to be made through the General Fund budget and the Sheriff's Office has within its budgetary authority the use of Fund029; and,

WHEREAS, when the budget preparations were made for the fiscal year beginning December 1, 2004 and ending November 30, 2005, monies in Fund029 were available to the Sheriff's Office for the purchase of items such as being requested.

NOW, THEREFORE, BE IT RESOLVED by the Sangamon County Board, in session this 9th day of August, 2005 that Cortech Correctional Technologies to be paid an amount not to exceed \$14,000 from Fund 029 (PTI Fund) is hereby approved.

All our mattresses are covered with a revolutionary new ticking exclusively for the correctional market. This unique extrusion process has been developed on the face of the fabric thereby allowing for much less wear and tear by drastically reducing peeling and fraying. The polymer depletion during the tick also provides a much softer feel than other laminated vinyl fabrics used in correctional facilities. Call us today for more information on Product Specifications to
