

Resolution 14-1

Whereas, the Sangamon County Detention Center in the Sangamon County Complex uses a dishwashing system to insure health and safety during day to day operation of the facility; and

Whereas, the current piece of equipment is over 16 years old, and requires expensive maintenance and repair to remain functional; and,

Whereas, the cost of the maintenance and the age of the equipment makes it reasonable to consider replacing the equipment instead of repairing and maintaining the current piece of equipment; and,

Whereas, this is a sole source situation, and is being procured as an Emergency Purchase permissible under the Federal Code of Regulations, the Procurement Guideline for the County of Sangamon, and as the new equipment is to be compatible with existing equipment by the same manufacturer, which can be salvaged and re-used resulting in a significant savings to the County; and,

Whereas, the proposal from Greco Equipment Co. and the Hobart Corp. meets the necessary specifications for this piece of equipment; and,

Whereas, at their November 21st, 2005 meeting, a special meeting was held with the Building & Grounds Committee the Public Building Commission of Springfield, Sangamon County, Illinois approved using funds from the 1990 Surplus to fund this purchase not to exceed \$44,000.00; and,

Now therefore be it resolved by the County Board of Sangamon County, Illinois, in session on this 10th day of January 2006, that the purchase of a Dishwashing Replacement system as proposed by Greco Equip. Co and the Hobart Corp. is hereby approved, and the funding of this purchase being provided from the 1990 Surplus Funds of the Public Building Commission of Springfield, Sangamon County, Illinois is authorized.
