RECOMMENDED STANDARDS FOR VARIATIONS

Case #: 2006-30

Address: 8775 Burrus Road

The Zoning Board of Appeals shall not recommend to the Sangamon County Board that the regulations of this ordinance be varied as authorized in F. (1) hereof, unless it shall make findings of fact based upon the evidence presented to it in each specified case:

- (i) that the property in question cannot be economically used or yield a reasonable return, if permitted to be used only for the conditions allowed by the regulations.

The request is made to facilitate division of the property as allowed under the one-time exception to the bulk regulations provision of the zoning ordinance.

- (ii) that the plight of the owner is due to circumstances unique to the property and not generally applicable to other property in the area.

The variance would preserve the tillable land while providing individually owned, non-easement based access to the property.

- (iii) that the variation, if granted, will not alter the essential character of the locality, impair an adequate supply of light and air to adjacent property, increase the congestion of traffic, or diminish or impair property values in the locality.

The variation will not alter the above mentioned criteria.
