

Resolution 9-1

Whereas, it is necessary for the GIS Division of the Information Systems department to scan / copy maps from time to time for the county departments as well as those entities that participate in the GIS Intergovernmental Agreements; and

Whereas, when the budget was approved for the fiscal year beginning December 1, 2005 and ending November 30, 2006, funds were allocated for new equipment including a full size color scanner; and

Whereas, the Office of the Supervisor of Assessment will also have full use of said full size color scanner to scan new subdivision plats as the new parcels are created in the tax parcel system, and

Whereas, it is necessary for the Office of the Supervisor of Assessment to scan said subdivision plats to properly maintain the current GIS Tax Parcel database as it currently exists, and

Whereas, the GIS Division of the Information Systems department has selected the HP Designjet 4500 Full size Scanner along with the HP Electronic 3 year Next Day on Site service support agreement; and

Whereas, it is necessary to purchase said scanner and support in the amount of Eighteen Thousand Nine Hundred Ninety Two dollars and 00/100 cents (\$18,992.00) to continue our GIS Tax Parcel Maintenance and County GIS implementation; and

Whereas, the HP 4500 Full size Scanner will be purchased through CDWG Inc. of Vernon Hills, IL; and

NOW, THEREFORE, BE IT RESOLVED BY THE COUNTY BOARD MEMBERS OF SANGAMON COUNTY, in session this 9th day of May, 2006 A.D., that approval be given for the Information Systems Department (GIS Division) to purchase the HP 4500 Full Size Scanner with the above funds.
