FY2013 COUNTY BUDGET POLICY GUIDELINES

- 1) The County Board shall adopt a balanced budget for the General Fund and all Special Revenue Funds. Final amounts for the FY2013 Budget shall be determined by the Finance Committee and recommended to the County Board so that the total of all expenditure amounts in a fund are equal to the revenue anticipated for that fund, plus any authorized available fund balance. Fund balances in all funds should be sufficient to sustain a positive cash balance while taking into consideration seasonal revenues and expenditures.
- 2) The County Board, through its Finance Committee, shall use a modified Target Budget Process. The Finance Committee will review budget requests, anticipated revenues and available fund balances. Final target expense figures will be allocated to each individual budget so that the sum of all target expenses equals available revenue plus fund balances not required to maintain a positive cash balance in the fund. There will be no across-the-board adjustments to line items.
- 3) The County property tax levy shall be limited to the guidelines under the Property Tax Extension Limitation Law. Abatement of property tax levies shall be considered whenever it is determined to be fiscally responsible to do so.
- 4) No programs or services will be established or expanded by Sangamon County during FY2013 unless one of the following situations exists:
 - a) The County Board shall determine that such new or expanded programs or services generate sufficient income to offset the actual cost thereof; or,
 - b) The County Board shall determine that such new or expanded programs or services generate sufficient cost benefit to the County over the long run to be worthy of implementation; or,
 - c) The County Board is duly informed that such programs or services are required by State or Federal law. If such programs or services are so mandated after the setting of the FY2013 Budget, such programs or services shall be reviewed by the County Board and, if approved, funded by an emergency appropriation.
- 5) Programs, services, and positions that are supported by specific revenue sources will be evaluated for continuation when revenue and expense levels change.
- 6) No additional employees above the FY2012 authorized positions that exist as of the date this Resolution is adopted shall be funded through the FY2013 Budget, except as provided for in Item #4 above. **All FY2013 hires require the approval of the department's respective oversight committee and the Finance Committee prior to extending an offer of employment. The flexible hiring freeze shall be in effect throughout the fiscal year.**
- 7) No vehicles shall be added to any Department fleet and no replacement vehicles will be purchased unless the purchase is justified under the provisions of Item #4.
- 8) The County Board shall continue to examine all user fees and consider raising them when appropriate to insure that those individuals receiving services bear the cost of providing them.

- 9) Within the constraints of available funds, the County Board shall place a maximum priority on expenditures which emphasize the development and implementation of efficient and cost effective methods of operation. The County Board shall continue to actively support the maintenance of an efficient centralized financial management system on which all County cash accounts, revenues, and expenditures are recorded.
- 10) All County Departments shall, within the constraints imposed by the availability of funds, be encouraged to develop and implement automated systems which improve service to the public and are cost effective. Requests for FY2013 expenditure of County-controlled funds for automated systems will be reviewed and considered for approval by the Finance Committee.
- 11) In developing recommendations for utilizing General Fund revenue, the Finance Committee shall take into consideration present and future tax rates, fund balances and expenditures to insure that a prudent approach is taken to fund County operations over the long-run.
- 12) The County will continue to explore opportunities for intergovernmental agreements and opportunities for consolidation of offices or job functions which will provide for cost effective methods of providing public services and consider those which provide for an equitable distribution of costs to those citizens receiving the services.
- 13) Budget forms and completion instructions will be forwarded to all Departments. Budget dates shown on the attached FY2013 Budget Schedule shall be adhered to by all Departments.
- 14) The responsibility for monitoring line item budgets shall rest with the Department Head or Elected Official. Each department will be responsible for staying within the total departmental appropriation for each fund authorized by the County Board.
- 15) The proposed target budget for FY2013 will be filed with the County Clerk's office for the County Board's consideration and approval at its November 6, 2012 regular meeting.
- 16) All budget policies as stated herein shall be applied to all Departments and shall be adhered to upon adoption by this County Board.
- 17) In accordance with the incentive compensation plan adopted for county employees and to ensure accurate budgeting for all salary lines, evaluations for all county employees must be submitted by all department heads on or before the dates specified in the performance evaluation schedule. **Failure to submit a complete performance evaluation for all employees in a department will limit compensation to the previous year's compensation level for those employees in the department who are responsible for making, reviewing, completing or approving evaluations.**
- 18) The County Board shall provide for capital expenditures through a separate capital outlay budgeting process. General Fund monies may be allocated to fund the capital outlay budget within the constraints of the availability of funds. All County Departments may make documented requests for capital outlay funds. To be considered for the use of such funds, departments are to submit a five-year Capital Improvement expenditure projection for the years FY2013 through FY2017 indicating the source of funds to be requested (capital outlay budget) and a description/justification of the expenditures. Once appropriated, use of these funds requires pre-approval from the Finance Committee.
