COUNTY BOARD MEMBER: # 1 NAME: Tom Fraase, Jr.

DOCKET NUMBER: 2021-029

ADDRESS: 6700-6800 Block of Old Jacksonville Road, Springfield, IL 62711

PETITIONER: Werner Farms LLC

PRESENT ZONING CLASSIFICATION: "A" Agricultural District.

REQUESTED ZONING CLASSIFICATION: For Proposed Parcel 1: pursuant to Chapters 17.68 and 17.12, a rezoning from "A" Agricultural District to "R-1" Single-Family Residence District; and, pursuant to Chapter 17.66, a variance of Section 17.36.010(B) to allow an accessory structure to be approximately twenty-four (24) feet instead of the maximum height of eighteen (18) feet allowed in the "R-1" Single-Family Residence District.

AREA: 55 acres

COMMENTS: None

OBJECTORS: None

PLANNING COMMISSION STAFF RECOMMENDATION: Recommend approval. The LESA score of 161 indicates the property is marginal requiring mitigating factors for non-agricultural development. In this case, the subject property is located in the middle of an area with several rural residential subdivisions. The petitioner is also proposing to follow the drainage area/tree line as the natural dividing line for Proposed Parcel 1. Allowing an accessory structure to be 24 feet instead of 18 feet in the R-1 District would be consistent with the height of accessory structures located on properties in this area that are zoned Agricultural, which has no height restriction. The Standards for Variation are met.

SANGAMON COUNTY ZONING BOARD OF APPEALS RECOMMENDATION:
Approval of Staff Recommendation.

**SANGAMON COUNTY
RECOMMENDED - FINDINGS OF FACT**

Case #: **2021-029**

Address: **6700-6800 Block of Old Jacksonville Road, Springfield**

(i) Existing uses of property within the general area of the property in question.

North – Residence and pasture/timber. East – Residence. South – Residence, Jubilee Farm, cropland, and pasture/timber. West – Cropland.

(ii) The zoning classification of property within the general area of the property in question.

North – R-1 and Agricultural. East, South, & West – Agricultural.

(iii) The suitability of the property in question to the uses permitted under the existing zoning classification.

The LESA score of 161 indicates the property is marginal requiring mitigating factors for non-agricultural development. In this case, the subject property is located in the middle of an area with several rural residential subdivisions. The petitioner is also proposing to follow the drainage area/tree line as the natural dividing line for Proposed Parcel 1.

(iv) The trend of development, within the vicinity since the property was originally classified.

The trend of development is agricultural and residential including several rural residential subdivisions in the area. In 2020, a front yard setback was granted south of the subject property. In 2009, a side yard setback was granted northeast of the subject property.

**SANGAMON COUNTY
RECOMMENDED - STANDARDS FOR VARIATIONS**

Case #: **2021-029**

Address: **6700-6800 Block of Old Jacksonville Road, Springfield**

The Zoning Board of Appeals shall not recommend to the Sangamon County Board that the regulations of this ordinance be varied as authorized in F. (1) hereof, unless it shall make findings of fact based upon the evidence presented to it in each specified case:

- (i) that the property in question cannot be economically used or yield a reasonable return, if permitted to be used only for the conditions allowed by the regulations.

Allowing an accessory structure to be 24 feet instead of 18 feet in the R-1 District would be consistent with the height of accessory structures located on properties in this area that are zoned Agricultural, which has no height restriction.

- (ii) that the plight of the owner is due to circumstances unique to the property and not generally applicable to other property in the area.

Other parcels in the area are zoned Agricultural, which has no height restrictions.

- (iii) that the variation, if granted, will not alter the essential character of the locality, impair an adequate supply of light and air to adjacent property, increase the congestion of traffic, or diminish or impair property values in the locality.

Negative impacts are not anticipated.
