COUNTY BOARD MEMBER: # 1 NAME: Tom Fraase, Jr.

DOCKET NUMBER: 2023-019

ADDRESS: 2071 Geary Road, Cantrall, IL 62625

PETITIONER: Danice A. Bollman

PRESENT ZONING CLASSIFICATION: A Agricultural District.

REQUESTED ZONING CLASSIFICATION: Proposed Parcels 1 and 2: pursuant to Chapters 17.68 and 17.12, a rezoning from "A" Agricultural District to "R-1" Single-Family Residence District; pursuant to Chapter 17.66, a variance of Chapter 17.04 (Lot depth) to allow the lot depth to be greater than two and one-half (2.5) times the lot width; and, a variance of Section 17.36.010(B) to allow an accessory structure to be approximately twenty-four (24) feet instead of the maximum height of eighteen (18) feet allowed in the "R-1" Single-Family Residence District.

AREA: 10.5 acres

COMMENTS: None

OBJECTORS: None

PLANNING COMMISSION STAFF RECOMMENDATION: Recommend approval. The LESA score of 171 indicates the property is marginal requiring mitigating factors for non-agricultural development. The relatively small size of the subject property and the rural residential trend make residential zoning appropriate. Granting the requested lot-width-depth variances will facilitate a division of the 10.5-acre subject property into two 5-acre parcels via tract survey, which is consistent with the lot area of the other surrounding parcels. Allowing an accessory structure to be 24 feet instead of 18 feet in the R-1 District would be consistent with the height of accessory structure located on properties in this area that are zoned Agricultural, which has no height restriction. The Standards for Variation are met.

SANGAMON COUNTY ZONING BOARD OF APPEALS RECOMMENDATION:
Approval of Staff Recommendation.

**SANGAMON COUNTY
RECOMMENDED - FINDINGS OF FACT**

Case #: **2023-019**

(iii) The suitability of the property in question to the uses permitted under the existing zoning classification.

The LESA score of 171 indicates the property is marginal requiring mitigating factors for non-agricultural development. The relatively small size of the subject property and the rural residential trend make residential zoning appropriate.

(iv) The trend of development, within the vicinity since the property was originally classified.

The trend of development in the area is rural residential and agricultural.

**SANGAMON COUNTY
RECOMMENDED - STANDARDS FOR VARIATIONS**

Case #: 2023-019

Address: 2071 Geary Road, Cantrall

The Zoning Board of Appeals shall not recommend to the Sangamon County Board that the regulations of this ordinance be varied as authorized in F. (1) hereof, unless it shall make findings of fact based upon the evidence presented to it in each specified case:

- (i) that the property in question cannot be economically used or yield a reasonable return, if permitted to be used only for the conditions allowed by the regulations.

Granting the requested lot-width-depth variances will facilitate a division of the 10.5-acre subject property into two 5-acre parcels via tract survey, which is consistent with the lot area of the other surrounding parcels. Allowing an accessory structure to be 24 feet instead of 18 feet in the R-1 District would be consistent with the height of accessory structure located on properties in this area that are zoned Agricultural, which has no height restriction.

- (ii) that the plight of the owner is due to circumstances unique to the property and not generally applicable to other property in the area.

Granting the requested lot-width-depth variances will facilitate a division of the 10.5-acre subject property into two 5-acre parcels via tract survey. Other parcels in the area are zoned Agricultural, which has no height restrictions.

- (iii) that the variation, if granted, will not alter the essential character of the locality, impair an adequate supply of light and air to adjacent property, increase the congestion of traffic, or diminish or impair property values in the locality.

Negative impacts are not anticipated.
